INDIAN LOOKOUT TRAIL

About The Trail
The trail begins off the paved road at the very top of the cemetery. From this point, the trail is marked with blue blazes on trees. The trail leads uphill through the woods to a rocky overlook with views of Gettysburg to the north.

How To Get There
From main campus, follow the walkway between the I.C. Chapel and the Terrace and climb the stairs to the Grotto. From the circle at the base of the Blessed Mother Mary statue, walk on the road through the cemetery to its highest point. You will see the path on the uphill side of the road.
