2019 Undergraduate Outcomes Summary

Undergraduate student outcomes for the Mount’s Class of 2019 include those students who received bachelor’s degrees between September 2018-June 30, 2019. The Career Center and the ASPIRE Office collected the data included in this report from January-October 2020.

Of the 402 bachelor’s degree recipients, post-graduation career activities were obtained for 78 percent of the graduates. These data were acquired directly from graduates, faculty and staff members, parents, and social media. The National Association of Colleges and Employers (NACE) recommends a 65 percent knowledge rate.

Where is the Class of 2019?

- 68% employed full time
- 26% in graduate school
- 3% unemployed
- 3% other (volunteer/military service)
- 2% employed part time

*Based on a 78% knowledge rate.
